

# Visedge DS and VR Series

## Aluminium edge trims for flexible floor finishes

### Features

- Visedge Series covers are suitable for PVC or linoleum flooring.
- The PVC extrusion is locked to the trim sections, and bonded and welded to the cut edge of the sheet flooring, forming an impermeable, flat, hygienic and permanent joint.
- Visedge DS and VR securing edge trims seal and protect junctions between flexible sheet flooring and any hard paving.
- Quality control to BS EN ISO 9001:2000.

AL

# Visedge DS Series Aluminium securing edge trim for limited depth application
