

Focus on Inspiration

The Broadway high performance barrier carpeting is a beautiful way to lend distinction to your prestigious and functional entrance with the ability to add interest in larger entrances. The inspired and unique design colours blend well with almost any other flooring surface creating the palette for endless design opportunities.

Available in either 2m width broadloom or as standard sized throw down matting the Broadway range effectively removes dirt and moisture from heavy pedestrian traffic concealing and locking the dirt particles until the mat receives its regular cleaning cycle.
